All diversion charges, additional freight charges and any other costs or expenses incurred, sustained or paid by Buyer resulting from any diversion shall be the responsibility of Seller. Unless otherwise provided in the Contract, Seller will allow Buyer a period of 5 days' free demurrage for off-loading railcars from time of constructive placement until empty release. For Cars held beyond 5 days the Buyer will be charged at \$90.00 per day until empty release. Demurrage charges will be invoiced to the Buyer at the end of each month and payable upon receipt. Notwithstanding any other provision herein, title transfer upon interchange from western carrier (BNSF/UP/CP/CN) to eastern carrier (NS/CSX) shall occur when eastern carrier's tracing system officially shows the railcar as "junction received". Buyer reserves the right to change destination of all shipments prior to departure of railcar from Seller's facility.
12. **Force Majeure.** Buyer shall not be liable for delay in performance or failure to perform when such delay or failure is due to an unforeseen cause beyond its reasonable control and without its fault or negligence, including but not limited to acts of God or the public enemy, governmental action, regulatory action, cyber or ransomware attacks, natural disasters, fires, floods, tornados, earthquakes, epidemics, quarantine restrictions, labor difficulties, riots, insurrections, freight embargoes, rail car shortages, rail service interruptions, utility service interruptions, plant breakdowns and unusually severe environmental conditions.

In addition, each Party acknowledges that such recording or electronic copy is a business record within the many of the business record exception to the hearsay rule.
14. **Forward Contract.** The Parties agree that the transactions hereunder constitute a "forward contract" within the meaning of the United States Bankruptcy Code and that Buyer and Seller are each "forward contract merchants" within the meaning of the United States Bankruptcy Code. If one Party (Defaulting Party) files a petition in bankruptcy, reorganization, or receivership; becomes insolvent or incapable of paying its debts as they become due or makes a general assignment for the benefit of creditors, the other Party (Liquidating Party) shall have the immediate right, exercisable in its sole discretion, to liquidate this Contract and all other forward contracts (as defined in the Bankruptcy Code) then outstanding between the Parties (whether the Liquidating Party is seller or buyer thereunder) by closing out all such contracts at the then current market prices so that each contract being liquidated is terminated except for the settlement payment referred to below. The Liquidating Party shall calculate the difference, if any, between the price specified in each contract so liquidated, and the market price for the relevant Product as of the date of liquidation (as determined by the Liquidating Party in any commercially reasonable manner), and aggregate or net such settlement payments, as appropriate, to a single liquidated amount. Payment of said settlement payment will be due and payable within 1 banking day after reasonable notice of liquidation. This is in addition to any other rights and remedies which the other Party may have.
15. The Parties enter this Contract in reliance upon the laws, ordinances, rules, codes, regulations, lawful orders and arrangements of and with any government authority applicable to the Product or the performance of this Contract that are in effect on the date of this Contract (Regulations). In the event that any of such Regulations are changed or new Regulations are issued or put in place (New Regulations), whether by law, decree, interpretation or regulation, or by response to the insistence or request of any governmental authority or person purporting to act therefore, and the effect of such changed Regulation or New Regulation (a) is not covered by any other provisions of this Contract, or (b) in the affected Party's judgment has or will have a material adverse effect upon such Party or if Seller, upon the suppliers of Seller the affected party shall have the option to request renegotiation of the pertinent terms provided for in this Contract, to be completed within 60 days of written request therefore, failing which the affected Party shall have the right to terminate this Contract effective 30 days after the end of such 60 day period.
16. For all Product classified as fuel ethanol, Seller and Buyer both must be registered with and approved by the United States' Environmental Protection Agency (EPA) to buy and sell ethanol with RINs, regardless of intent to take ownership.
 - a. For all sales in the Contract, the official Product Transfer Document (PTD) shall be the sales invoice, and RINs shall be transferred on the date of invoice generation (Transfer Date). Invoices submitted without RINs shall be rejected, and a new invoice must be generated with the RIN PTD. For netback purchases from Ethanol plants, the Bill of Lading (BOL) shall be the official PTD, and the RIN Transfer Date shall be the ship date as stated on the BOL. RIN PTDs must state all matching criteria required by the EPA's Moderated Transaction System (EMTS).
 - b. EMTS - All RINs must be transferred through the EMTS, within the following guidelines:
 - i. Transactions must be initiated by Seller by the 3rd business day following the transfer date to allow sufficient confirmation time by Buyer.
 - ii. Price per Gallon, as stipulated on the Contract, shall be used for RINs assigned to physical ethanol transfers.
 - iii. Price per RIN, as stipulated in the Contract, shall be used for sale of RINs separate from ethanol, unless otherwise agreed.
 - iv. RIN volume in EMTS transfer batches shall be separated in the same volume that the ethanol transferred is physically separated (per truck, railcar, etc).
 - v. EMTS uploads, in Excel format, shall be exchanged promptly upon EMTS submission, and shall contain fields for the PTD number, BOL number, and Unit (truck, rail car, vessel, barge, etc.) number.

- c. Volume discrepancies shall be handled by an immediate transfer of unassigned RINs, if available. If unassigned RINs are not available, agreed upon adjustments shall be made in subsequent transactions, and, if necessary, in subsequent agreements, until total RINs transferred from Seller to Buyer accurately reflect the gallons of ethanol transferred. If there is cause for Remedial Action with the EPA due to a transfer of assigned RINs without a volume of renewable fuel, both Seller and Buyer agree to work together to remediate according to the EPA's guidance.
 - d. Seller shall deliver RINs to Buyer under this Contract that meet the requirements set forth by the EPA under the RFS2 and any related federal statutes, regulations, rules, clarifications, and updates. Seller will transfer RINs properly generated and separated under 40 CFR §80.1426 and 40 CFR§80.1429, respectively. Seller holds title and the right to transfer the RINs to Buyer and the RINs should not have been used previously for compliance to meet another entity's Renewable Volume Obligation under 40 CFR §80.1427, export obligation under 40 CFR §80.1430, or spillage or disposal obligation under 40 CFR §80.1432. If the RINs delivered by Seller via EMTS do not meet the requirements set forth by the EPA in 40 CFR §80.1431 regarding treatment of invalid RINs, and validity claims arise as a result thereof, such validity claims may be administered by Buyer with prior consent of Seller to address replacement of RINS determined invalid by the EPA.
 - e. Buyer and Seller agree to wholly comply with the registration, record keeping, and reporting requirements of the RFS2. Buyer reserves the right to request reasonable documentation to support the validity of RINs transferred and Seller agrees to provide the requested documentation in a timely manner.
 - f. In the event that Seller fails or is unable to transfer title to all of the purchased RINs to Buyer or if the EPA determines any or all of the purchased RINs sold and purchased hereunder to be invalid or otherwise unavailable for use by the Buyer (each such purchased RIN not transferred or subject to a breach of warranty or determined by the EPA to be invalid or unavailable for use by the Buyer, is hereinafter referred to as an "Invalid RIN"), then Seller and Buyer agree to cooperate in an effort to achieve an efficient, commercial and practical resolution consistent with the options (or any combination thereof) in Section (g), in order to cure any default with respect to any Invalid RINs provided.
 - g. In the event that the Buyer receives Invalid RINs from Seller, Seller shall, at Seller's sole cost and expense, and at the option of the Buyer, be required to provide remedy for the Invalid RINs in one of the following ways:
 - i. Transfer to Buyer a volume of unassigned RINs equal to the number of Invalid RINs, within ten (10) days of discovery of the Invalid RINs, from Seller's bank of unassigned RINs, generated in the same vintage and category as the Invalid RINs or generated in the current compliance year if the Invalid RINs are expired or not reasonably available.
 - ii. Transfer to Buyer a volume of unassigned RINs equal to the number of Invalid RINs, within fifteen (15) days of discovery of the Invalid RINs, which the Seller may purchase from one or more approved third Parties, generated in the same vintage and category as the Invalid RINs or generated in the current compliance year if the Invalid RINs are expired or not reasonably available.
 - iii. In the event Seller is unable to locate any or a sufficient quantity of replacement RINs under (a) and (b) above, Seller shall pay Buyer within ten (10) business days of Seller's receipt of Buyer's invoice for such replacement RINs, including, without limitation, (i) the greater of any funds previously advanced to Seller for the volume of Invalid RINs or the cost of the replacement RINs purchased by Buyer provided such purchase price was no less favorable than that available to Buyer through good faith negotiations, (ii) Buyer's expenses including reasonable broker, consultant, and attorney fees incurred in connection with obtaining such replacement RINs, and (iii) any fines or penalties levied upon Buyer under the RFS2 program as a result of such failure.
